

## Certificate Of Analysis

Product Name: MGN beta alanine

Batch Number: MMA2023100201

Quantity: 501 bottles

Package : 300 g per bottle

Country Of Origin: USA

Date Of Manufacture: 03.18.2024

Flavour : fruit punch

| Testing Item                                                          | Specification    | Test Result    |
|-----------------------------------------------------------------------|------------------|----------------|
| <b>Physicals &amp; Chemicals</b>                                      |                  |                |
| Appearance And Color                                                  | Light red powder | Confirm        |
| Filling Weight Variation                                              | 300g±5%          | Confirm        |
| Total Weight Variation                                                | 356g±7.5%        | Confirm        |
| Disintegration Time                                                   | ≤30min           | 6.90           |
| Moisture                                                              | ≤10.0%           | 4.76           |
| <b>Microbiologicals</b>                                               |                  |                |
| Aerobic Plate Count                                                   | ≤100,000cfu/g    | < 100,000cfu/g |
| Moulds And Yeasts                                                     | ≤1,000cfu/g      | < 1,000cfu/g   |
| Coliforms                                                             | <1,000cfu/g      | <1,000cfu/g    |
| E.Coli                                                                | <10cfu/g         | <10cfu/g       |
| Salmonella                                                            | Not Detected/25g | Negative       |
| Staphylococcus aureus                                                 | Not Detected/25g | Negative       |
| Botulinum Toxins                                                      | ≤2µg/kg          | Negative       |
| Complies With Specification.                                          |                  |                |
| 2 years                                                               |                  |                |
| The Product Should Be Stored In A Sealed Container, Temperature:15-25 |                  |                |
| °C , Humidity: 35-65% . Keep Away From Strong Light And Heat          |                  |                |
| Package                                                               | 12 pcs/Carton.   |                |
